PICTORIAL NEWSLETTER

FROM

PRESIDENTIAL TRIP TO KENYA AND ETHIOPIA

Dear Friends,

Thank you for allowing me to serve you in the Congress of the United States of America under the leadership of our President, the Honorable Barack Obama.

From July 24-29, 2015, approximately 19 other Members of Congress and I had the honor of accompanying President Obama on his trip to Kenya and Ethiopia. The trip was both enterprising and vitalizing. This awesome opportunity to travel with the President had the preeminent purposes of bolstering joint economic development between the U.S. and sub-Saharan Africa as well as encouraging more democratic institutions in the region.

Rather than paint a picture with thousands of words about this trip, I am sharing this pictorial newsletter which depicts some of what we saw and experienced.

In closing, please allow me to thank you again for allowing me to serve, and thank President Obama for the once-in-a-lifetime trip to the astounding continent of Africa.

Sincerely,

Al Green
Your Congressman

Rep. Al Green with a Micro Solar entrepreneur.

Rep. Al Green arrives in Nairobi, Kenya. Nairobi was the first stop in President Obama's trip to Ethiopia and Kenya from July 24-29, 2015. President Obama was accompanied by staff and Members of Congress, including Congressman Al Green.
